

Chaehyeok Lee

The Colony, TX | chlee4658@gmail.com | jaychlee.com | skchart.com

PROFESSIONAL SUMMARY

Board-certified pediatrician with 20+ years of clinical practice, including 17 years of clinic ownership and extensive daily EMR use. Experienced in improving clinical workflows through healthcare software development, including SKChart, a platform supporting structured documentation and operational efficiency. Seeking to contribute clinical and informatics expertise as a Clinical Informatics Specialist.

CORE COMPETENCIES

Clinical Informatics • Clinical Workflow Optimization • EMR/EHR Documentation • Clinical Information Systems • Clinical Documentation • Healthcare Operations • Workflow Analysis • Project Coordination • Python • Flask • PostgreSQL • SQLite • REST APIs • Git/GitHub

PROFESSIONAL EXPERIENCE

JE The Line, LLC

Founder | Clinical Informatics Projects | May 2024 – Present

- Designed and developed SKChart, a healthcare workflow platform supporting structured patient documentation, visit management, clinical photography, and operational workflows.
- Launched skchart.com as the public project site demonstrating healthcare workflow solutions.
- Expanded the platform with SKMSG and Telegram workflow tools for appointment messaging and operational notifications.
- Continuously refined software based on real clinical workflow observation and user feedback.
- Published a professional portfolio at jaychlee.com showcasing projects and development history.

JE Pediatrics, South Korea

Physician & Owner | May 2005 – Mar 2022

- Owned and operated a pediatric clinic for 17 years.
- Used EMR systems daily for documentation, scheduling, patient records, and clinic operations.
- Worked with EMR vendors to improve documentation workflows and usability.
- Identified workflow bottlenecks that became the foundation for Clinical Informatics software development.

ADDITIONAL CLINICAL EXPERIENCE

Chief of Pediatrics – Tonton Children's Hospital (2024–2025)

Pediatric Emergency Department Attending – CHA University Bundang Medical Center (2023–2024)

Medical Assistant – Livingstone Medical Clinic & Anapa Pain Clinic, USA (2022–2023)

CLINICAL INFORMATICS EXPERIENCE

- 20+ years of daily EMR use in outpatient clinical practice.
- Clinical workflow analysis and optimization.
- EMR documentation improvement and standardization.
- Collaboration with EMR vendors.
- Workflow automation supporting healthcare operations.
- Designed healthcare software to improve documentation consistency and operational efficiency.

TECHNICAL SKILLS

Python, Flask, PostgreSQL, SQLite, SQLAlchemy, JavaScript, HTML/CSS, REST APIs, Git/GitHub, Twilio API, Google Calendar API, Telegram Bot API, AI-assisted software development.

EDUCATION

MD, Dankook Medical School

MS in Pediatrics, Dankook Medical School

LICENSE & CERTIFICATION

Board-Certified Pediatrician, South Korea

Medical Doctor License, South Korea
